

Henrik Ziegler returns as CEO of DSI Dantech Group

Aalborg, April 28 - DSI Dantech Group announces that Henrik Ziegler has resumed his role as Chief Executive Officer, returning to the company after less than two years away.

Henrik Ziegler brings more than 43 years of experience from the global freezing and food processing industry. Throughout his career, he has played a key role in developing advanced freezing solutions, driving innovation, and building strong, long-term customer relationships.

As the founder of the Dantech part of the group, Henrik combines deep technical insight with strong operational experience. His return marks an important step in strengthening DSI Dantech's position as a global partner within thermal treatment for quality food.

"I am pleased to return to DSI Dantech and to once again take on the responsibility of leading the company forward. It is a business I know well, and one I strongly believe in. We have a solid foundation and a highly skilled team, and together we will strengthen our position further. Freezing is in my bloodstream, and DSI Dantech is close to my heart - so coming back was an easy choice, says Henrik Ziegler.

Going forward, Henrik Ziegler will focus on reinforcing the company's core strengths while increasing execution and strategic focus.

"Our focus is clear. We deliver consistent quality to our customers, strengthen the way we work, and continue to develop as a competitive and trusted partner in the global food industry."

With Henrik Ziegler as CEO, DSI Dantech will continue to build on its foundation of craftsmanship, reliability, and attention to detail - while accelerating its development and global presence.

The Board of Directors warmly welcomes Henrik Ziegler back to DSI Dantech.
